8.4 Table Officer Elections – Voting Rules and Procedures

In this article, “simple majority” shall mean more than fifty percent (50%) of the total votes cast. The term “total votes cast” shall not include abstentions or spoiled ballots.

- 8.4.1 Every member of the Association in good standing is eligible to vote in a Table Officer election.

- 8.4.2 Table Officer elections shall be conducted by secret ballot.
- 8.4.3 The vote for Table Officer elections shall be held by online voting. In extenuating circumstances, the Elections Committee may conduct in-person voting at the AGM if both the Elections Committee and the Executive Council mutually agree to do so.
- 8.4.4 Proxy voting is prohibited.
- 8.4.5 The software used for online voting shall be reviewed every five (5) years, or as needed. The Elections Committee is responsible for determining the operational and security requirements for the online voting software. The Executive Council is responsible for selecting and purchasing (or subscribing to) software that meets the requirements of the Elections Committee.
- 8.4.6 Each candidate may select one (1) scrutineer to oversee the opening and closing of the online voting, the counting of the online votes, and/or the counting of the in-person balloted votes at the AGM. Scrutineers will not share election results until after the official announcement is made. The Elections Committee may take necessary actions including removal against any scrutineer who, in the opinion of the Elections Committee, is disrupting the election procedures.
- 8.4.7 If only one (1) candidate is nominated for a Table Officer position, then a ratification vote shall be required to approve or reject the candidate. The unopposed candidate shall be acclaimed to the position by receiving a simple majority of approval votes. If the unopposed candidate does not receive a simple majority of approval votes, then the Elections Committee shall conduct a By-election for that position. The candidate who did not receive a simple majority of approval votes in the ratification vote is allowed to be a candidate in the By-election.
- 8.4.8 If two (2) candidates are nominated for a Table Officer position, then the candidate that receives a simple majority of the total votes cast will be declared the winner. In the event of a tie vote there will be a runoff election between the two tied candidates (see 8.4.10). Notwithstanding 8.2.4 the election results of the tied vote shall be announced in advance of the AGM.
- 8.4.9 If three (3) or more candidates are nominated for a Table Officer position, then ranked ballots will be used and the winner will be determined through an instant runoff procedure as follows:
- Voters will rank each of the candidates on their submitted ballots as their 1st, 2nd, 3rd choice and so on.

- The ballots are counted and the number of first (1st) choice votes for each candidate is recorded (the number of votes for each candidate is in the candidate's "vote total").
- a candidate who receives a simple majority of the first (1st) choice votes shall be declared the winner.
- if no candidate receives a simple majority of the first (1st) choice votes then the following procedure applies:
 - the candidate with the lowest number of first (1st) choice votes is eliminated. If multiple candidates are tied with the lowest number of first (1st) choice votes, then all of them are eliminated.
 - each ballot in which an eliminated candidate is the first (1st) choice vote shall be counted and the second (2nd) choice votes shall be added to the vote total of the remaining candidates.
 - if a candidate receives a simple majority of total votes cast at this stage, then the candidate will be declared the winner.
 - if there is still no declared winner then the candidate(s) with the lowest vote total is eliminated.
 - the votes on the ballots cast for the most recently eliminated candidate(s) are then re-tabulated and the votes reassigned so that the vote from the ballot is added to the vote total of the remaining candidate who is ranked highest on the ballot.
 - this process shall be repeated until a candidate obtains a simple majority of the total votes cast.
 - if at any point during the procedure described above, a candidate receives a simple majority of the total votes cast then that candidate shall be declared the winner.
 - if at any point during the procedure described above, all remaining candidates have the same vote total, then the election is declared a tie. A runoff election between the remaining candidates shall occur (see 8.4.10). Notwithstanding 8.2.4 the election results of the tied vote shall be announced in advance of the AGM.

8.4.10 A runoff election shall begin within three days of the announcement of the results. Runoff elections will be conducted online and last for three to five days. If the runoff election results in a tie another run off election will be conducted following the same procedures.

8.5 Table Officer By-elections

- 8.5.1 The Elections Committee shall conduct a By-election to fill a vacancy created by the resignation, removal or incapacity of a Table Officer.
